

Modular Storage Unit (MSU)

Simple, comprehensive virtualized storage

FalconStor® Modular Storage Unit (MSU) offers affordable, integrated Fibre Channel (FC) and iSCSI storage for FalconStor VirtualTape Library (VTL), Continuous Data Protection (CDP) and Network Storage Server (NSS) Gateway Appliances

Highlights

- > Simple deployment and management
- > Small footprint; consumes minimal physical storage space
- > Leverages flagship FalconStor® IPStor® virtualization technology
- > Low-cost solution
- > High scalability and flexibility

Based on the award-winning IPStor® virtualization platform, this virtualized storage appliance is easy to deploy and offers up to 18TB of capacity. FalconStor MSU supports both 1Gb iSCSI and 4Gb FC in one convenient, integrated package, giving you the scalability and flexibility to meet growing data protection needs and adapt to changing requirements.

Specifications

	MSU-S12	MSU-S24
Physical Characteristics		
Form factor	2U	5U
Internal drives	12 SATA	24 SATA
RAID level	RAID6	RAID6
Maximum capacity (raw, internal)	9TB	18TB
Host Connections		
iSCSI support	Included	Included
1Gb/s Ethernet ports	2	2
Fibre Channel (FC) support	Included	Included
4Gb/s FC target ports	2	2
Advanced Features		
Virtual storage	Included	Included

About FalconStor

FalconStor Software, Inc. (NASDAQ: FALC) delivers proven, comprehensive data protection solutions that facilitate the continuous availability of business-critical data with speed, integrity, and simplicity. Our comprehensive solutions, based on the award-winning IPStor® virtualization platform, include the industry-leading VirtualTape Library (VTL) with Single Instance Repository (SIR) for de-duplication, Continuous Data Protection (CDP), Storage Virtualization, and Replication for disaster recovery and remote office protection. Our products are available from major OEMs and solution providers and are deployed by thousands of customers worldwide, from small businesses to Fortune 1000 enterprises.
